SUNSET INTERNATIONAL BIBLE INSTITUTE EXTERNAL STUDIES

“My son, if thou wilt receive my words, and lay up my commandments with thee; So as to incline thine ear unto wisdom, and apply thy heart to understanding; Yea if thou cry after discernment, and lift up thy voice for understanding; If thou seek her as silver, and search for her as for hid treasures; Then shalt thou understand the fear of Jehovah, and find the knowledge of God.” (Proverbs 2:1-5, ASV)

“Of these things put them in remembrance, charging them in the sight of the Lord, that they strive not about words, to no profit, to the subverting of them that hear. Give diligence to present thyself approved unto God, a workman that needeth not to be ashamed, handling aright the word of truth.” (2 Timothy 2:14-15, ASV)

The Value Of A Satellite School

I. INTRODUCTION

God expects spiritual growth from every individual believer. Also, each and every congregation of God's people is expected to grow numerically and mature spiritually. Since this is true, the need for biblical training is evident. How is this to be accomplished? What is keeping us from growing in ministry?

The church, in many instances, has *developed* to the point that *paid professionals* are expected to do the work while the members sit back and boast of *their* particular preacher or group of ministers. This results in many members becoming weak, biblically illiterate and, of course, useless in God's kingdom overall, and certainly, to the church where they "worship."

The general trend is that even the leaders - elders, deacons, Bible class teachers and others - are not mature and knowledgeable in the Scriptures. Many of our bishops and preachers are no longer capable of convicting the gain-sayers and other false teachers (Titus 1:9-11). If we are content to remain in this condition, unwilling to obtain better training and better ways to organize our own personal Bible study, then we will be no more effective in our service to God than the farmer who has no knowledge of farming.

II. PURPOSE

The stated purpose of the Sunset International Bible Institute is: ***Training whole persons, to communicate the whole gospel, to the whole world—wholly to please God.*** This statement of purpose encompasses all departments of the institute.

The goals and aim of Satellite Schools: ***To provide churches and individual Christians the means and methods to accomplish in their lives and ministries the above stated purpose.*** Specifically:

- A. To provide opportunities for intensive Bible study in local churches.
 - 1. Providing the possibility of greater spiritual growth for any Christian “hungering and thirsting after righteousness” and a greater biblical knowledge.
 - 2. Providing the means for increased fruitfulness of ministries within a local church.

- B. To provide a solid foundation of biblical knowledge to safe-guard and maintain the doctrinal integrity of local churches for future generations.
- C. To train and equip today's Bible teachers, parents and others with tools needed to address the 21st century problems and opportunities for both young and old.
- D. To strengthen the leadership today and lay the foundation for tomorrow's leadership. *Since an overseer is entrusted with God's work... He must hold firmly to the trustworthy message as it has been taught, so that he can encourage others by sound doctrine and refute those who oppose it (Titus 1:7, 9).* The task has been assigned, the need is urgent!
- E. To lay the foundation for future preachers. As the pulpit goes so go the churches. To provide a way for anyone wishing to receive a Degree from Sunset International Bible Institute without attending resident classes.

III. SCHOOL OVERSIGHT

- A. The local congregation where the Satellite School is located will have complete oversight of the school in their building/community.
- B. Sunset International Bible Institute (SIBI) has the primary responsibility for the content, quality and availability of the DVDs produced by the Sunset External Studies Department. The External Studies Department will grade all papers and exams required in the credit courses. Although Sunset will not be involved in the day-to-day operation of the Satellite School, students must comply with the admission and academic guidelines of the Sunset International Bible Institute in order to take the courses for credit toward a certificate or a Bachelor or Masters degree.

IV. LEVELS OF STUDY

There are three levels of study available to students of a Satellite School.

A. AUDIT:

The student interested in studying the Bible without earning any formal degree, can simply audit the courses. This student will not be required to take any exams, memorize any Scriptures, or write any papers. **Any test papers, memorization, or any other work done by the Audit student should not be sent to the Sunset External Studies Department for grading!** However, the student must purchase

the Study Guide, pay a \$10.00 enrollment fee, complete the self-exams in the Study Guide, and participate in the class discussions. (This will provide valuable reinforcement needed for long term retention).

Audit students will receive a “Certificate of Recognition” from Sunset International Bible Institute for each audited course completed.

B. **INTERMEDIATE BIBLE CERTIFICATE (Level II)**

The student interested in more in-depth study and training is encouraged to enroll in this **Intermediate Bible Study** level of achievement. There is a \$45.00 tuition fee for **each course** taken at Level II. Each course has a 3 hour value. In addition to participation in the class discussions, the Level II student will be required to:

1. Complete the Study Guide exercises, and there may be some reading assignments.
2. Memorize assigned passages, and be able to either write them out or quote them.
3. Take written exams.

A “**Certificate of Completion**” will be awarded for each course satisfactorily completed. Upon completion of the required 40 courses, the student will receive a “**Intermediate Bible Certificate**” from the Sunset International Bible Institute External Studies Division. These students may update to Level III, in the current course they are enrolled in, before the final test is taken.

C. **BACHELOR OF BIBLICAL STUDIES (Level III)**

The third level of study is the most demanding. It involves all the requirements of the second level plus extra assignments. The student will be required to memorize additional passages of Scripture, conduct additional readings including assigned course textbook(s), research, theme and evaluation papers to write.

Following the completion of the full **40 course curriculum**, at Level III, plus an assigned Practicum, including 2 weeks of on campus studies, the student may apply for the degree “**Bachelor of Biblical Studies**” from the Sunset International Bible Institute External Studies.

1. There is a \$30.00 tuition fee for **each hour** taken at Level III. Each courses has a three (3) hour value.
2. Upon completion of 20 courses, at level III, the student may apply for an “**Associates Degree of Biblical Studies**”.
3. The students completing either the 20 or 40 course curriculum will be invited to come to Sunset to go through the graduation exercises of the current resident school graduating class. A graduation fee of \$50.00 will be required for the Bachelors and Associates degree. Graduation exercises are held in the summer month of either May or June.
4. For each course satisfactorily completed, at level III, the student will be given a “**Certificate of Completion.**”

V. METHODS OF STUDY

- A. Using the required SIBI DVDs, textbooks and Study Guides.
Each DVD course consists of 12 or 24 lessons of approximately one half hour each. The courses are taught by present and past instructors of the Sunset International Bible Institute. Along with the video lessons there will be a Study Guide (workbook), textbook(s), memory work, research paper(s), book evaluation(s) and exams for the courses.
- B. Group Discussion.
The class Administrator will guide the class in a discussion/review of the material covered on the DVD presentation. This discussion period is intended to clarify and reinforce the teaching points contained in the recorded lessons.
- C. Written Assignments. (Must be sent to SIBI for grading)
The credit courses will require some degree of written assignments, ranging from completing the workbook, writing one or more research papers, reading and evaluating the textbook(s). All required papers are sent to Sunset for grading. Completed Study Guides are not to be sent to Sunset but must be shown to and approved by the class administrator. The administrator will report to SIBI that the student has completed the self-exams in the Study Guide.
- D. Memorization. (May be written or quoted to the test administrator).
The courses for credit will require some degree of Bible verse memorization. The student working towards an SIBI certificate can expect significant amounts of memory work relating to outlines, geographical and historical data, names, places etc. Memory verses will be either quoted to the administrator or written out. The administrator will report to S.I.B.I. when all the memory work is completed on the administrator form. All assignments must be completed in order to receive a passing grade.
- E. Evaluation (Testing).
Short "pop" quizzes may be given at the beginning of each class covering the previous week's presentation. These are not requirements of Sunset but may be given at the discretion of the class administrator. Required written exams (2 or 3 per course) are sent to Sunset for grading and awarding of formal credit when appropriate.

VI. THE INITIAL STEPS TO GETTING STARTED (What you need to do).

- A. Communicate with the congregation and investigate to see if there are those in the congregation who would commit themselves to this kind of study. (There can be no school without students).

- B. Be careful to explain fully the NEED and PURPOSE in having a Satellite School in your local congregation. People will not dedicate themselves to a project or a cause unless they see the need for it. They want the question answered, "What will this do for me or for the church where I attend?"
 - 1. Cause you to grow in knowledge, faith and spiritually.
 - 2. Better equip you to teach, encourage and mature.
 - 3. Your growth will influence the church where you attend. This will bring glory and honor to God.
 - 4. Provide a significant outreach tool.
- C. Communicate with and invite area congregations to participate in the school. They too, will need to have a clear understanding of what is being presented. (We have sample brochures and letters you may request). The school may be opened for others and thus become an out-reach into the community.
- D. Decide the best time and place of meeting. This would involve:
 - 1. The best night on which to hold the classes.
 - 2. How long each class period would be (generally from 1 to 2 hours depending on the number of courses being studied on the same date).
 - 3. The location should be as centralized and as conducive to study as possible.
 - 4. The consideration of potential students should always be of first priority.
- E. Generally, no more than two (2) courses should be studied at one time. One 24 lesson course and two 12 lesson courses can be completed in a 6 month period by having two (2) one-hour class' one night a week. This will allow you to have one lesson from each course each class session. To do more than this puts too much of a burden on the credit students who must complete memory work, research papers and study for exams. You should allow some time for break weeks. (12 weeks of classes then a week off).

VII. OBTAIN APPROPRIATE MATERIALS FOR STUDY

- A. *Sunset International Bible Institute* materials may be purchased one course at a time or all the courses at one time (A discount is allowed when all the courses are purchased at one time). Audio CDs of each course are also available. (See pages 10-11 for purchasing plans and payment schedules).
- B. The study tapes and materials may be purchased by churches or individuals.
- C. Materials (study guides, textbooks, etc.) for individual students may be purchased at any time and should be purchased by the individual students. This gives them an investment in their study and provides an incentive to complete the study.

VIII. THE BEGINNING BASICS

- A. Careful planning of the first class meeting is of great importance.
- B. Approach the study soberly - a short devotional and prayer is not only appropriate, it is very necessary.
- C. Enroll all students - this is any student enrolling in a course(s), level(s) I, II, and III. **Enrollment forms must be filled out by all students.** A copy of the student's enrollment form should be kept on file at the church where the school is being conducted. The original enrollment form should be sent to SIBI for the students permanent records and for information purposes. These only need to be redone or updated when there are changes made (such as new a address). These are personal and must be kept filed and locked away from unauthorized persons. Issue each student a "Student Manual." (The school should furnish these for each student)
- D. Issue a challenge to the students for a commitment of study and growth. Make opportunities for them to put their newly-obtained knowledge to use immediately, such as teaching Bible classes, home Bible studies, etc.
- E. Ensure that all students have a good understanding of:
 1. The course to be taken, and materials to be acquired.
 2. The academic demands and requirements of the course(s) to be studied.
 3. The cost: in both time and money, the schedule, and all other pertinent information when they enroll. A class schedule should be given to each student.
 4. The length of the course(s) and the certificates to be gained.

OTHER WAYS TO USE THESE DVD COURSES

- These courses should be placed in the congregational film library to be checked out as one would check out a book to be read. (Course(s) currently being used as a class should be pulled from the film library until the course is completed)
- With a monitor, these courses could serve as a Bible class instructor. Many churches, large and small, are using these courses in that way.
- Small groups in destitute mission fields use these courses in lieu of a preacher.
- In many countries these courses serve as instructors for schools of preaching, in which preachers are trained.

- Some congregations supporting a national preacher in a foreign country require their missionary to take these courses for credit to increase his knowledge of God's Word. This serves as a hedge against error being taught.
- Congregations have established Satellite Schools in their own buildings in which credit toward ministry degrees may be earned.
- Families "home schooling" their children can offer a daily Bible class to their children along with the lessons they study in geography, arithmetic, spelling, etc.
- These courses are ideal for family devotionals - they are offered in lessons that are twenty-seven minutes in length.
- They are also beneficial for deeper personal study of God's Word and can be used over and over again for many years to come.
